

306<sup>TH</sup> TRENCH MORTAR BATTERY

July 19 '18

Dear Mrs Harris;

Your reminder  
was just in time, we  
are just waiting orders  
to load, all our freight  
has been gone for three  
days, so we are not  
likely to stay here longer  
than Tuesday or Wednesday  
We pass in review

tomorrow for the last time  
in camp for now.

All the boys are anxious to  
get off. Our Captain told all  
the boys that didn't want  
to go to step out and see  
him, only three went to  
see him, what he told them  
was a plenty. They will  
not go with us.

My brother Sabe is in  
prison he has been there  
for nearly a month.

I will be glad to keep  
you posted up and where  
abouts whenever I can.  
I am I sure do like to  
get letters, although I am  
not much for writing.  
Seems as I can't get sta-  
ted to answering letters,  
I had a letter from

308TH FRENCH MORTAR BATTERY

Miss never the other  
day. She had not decided  
what she was going  
to do. She is at Flag  
Point now. I suppose  
she will stay there.  
I hope she will.

I had the best time  
last week. One of  
my class mates come  
down from N.Y. to  
visit her mother.

Her brother is a new man,  
so he couldn't get off very  
much, our Captain being  
a fine man, let me have  
a pass most all week,  
& I sure did enjoy it, such  
a change from the regular  
Daily schedule, all most  
made me want to stay  
in the old U.S.

We are not so busy  
in camp, we have plenty  
of time write, I could  
write you most any  
time if I knew any  
thing that would interest  
you. Perhaps I maybe able  
to do so after we get a  
cross the pond.

I hope you are enjoying  
life to the fullest extent. If I  
remember you right you

are doing that thing.

I will write you again  
soon. Thanks for your interest

Your friend

Frank Bentley.
