

3. Trustees. May 17 1966

great value to our treasury. The gravel and sand could now be operated and bring in big returns. Oil will wait till needed. Big oil companies prefer to know where it is and to keep it in reserve.

Kindly let me know your reaction and if it will be possible for you to sound out the local trustees in your respective jurisdiction, Paul in N. Y. and Jim in P. R.

I shall be ready to give any and all information desired upon your request.

Most sincerely yours for a greater Poly.

J. WILL HARRIS
