We appreciated so much your coming this morning to be with us. It was a joy to have you & to hear God speaking to us through you. Perhaps when you return to your home in Texas some Sabbath morning you may like to look into our faces again. We shall think of you & Dr. Harris lovingly & hope you two Dear People will remember us sometimes too, in your prayers that we may grow up into men & women who will honor God & like Jesus do our work well-pleasing unto Him.

Lovingly,

The Boys & Girls of Polytechnic

(Mr. R.H.)
