

RETURN FROM PUERTO RICO

Dr. J. Will Harris and Mrs. Harris returned home Tuesday from their trip to Puerto Rico, where they attended the 28th anniversary celebration of the Polytechnic Institute, founded by Dr. Harris. The Herald, a day previous received a letter from them, mailed on board the S. S. Ruth Lykes at Antilla, Cuba. Enclosed in the letter was a program of the Institute graduation event, on one page of which was a photo of Dr. Harris in college uniform, cap and gown, a splendid likeness. The Herald family greatly appreciate this photo, and courtesy.
