Miss Helen Harris,

San German P.R.

My dearest Helen:-

I have thought of writing you before this but I have not done it. I hope you are making good grades in school. Study hard and learn every lesson. Try to be the best in your class in everything. I got two prizes when I was a little over ten years old.

Are you ~~being~~ climbing trees like you and Donald used to do? Have lots of fun but dont do naughty things nor anything that you would not like your Mother to see you do. Be a fine little Christian girl all the time. Do you suppose Jesus is glad when we fail to do what is nice? I don't think He is. You are young now and can make your face be all smiles or by thinking and doing wrong things you can make your face old and wrnkly like old Snaky. Read good books, play with nice children, help Mother and Donald and Margaret and Robert to keep happy. Did you get the apples I sent by Dr Greswell? Write me and tell me all you do. Pray for the Lord to give us lots of money so I can go back home. Your father - J. M. Harris
