Dear Dr. Harris:

I enclose a report of conditions which I found upon my return a few days ago. I know you will be interested in reading it.

The Middle States Association requires of institutions which are applying for accreditation a list of the members of the Board of Trustees, giving names, dates of birth, residence, undergraduate colleges, business and professional connections. I hate to trouble you with this, but I know that the high standing of our trustees will help us to receive accreditation, if not this year, at least at some later date. Will you be so kind, therefore, as to send me by return mail your date of birth, undergraduate college, additional degrees, and your business and professional connections, so that I can make a complete list? The fullest information would be the most helpful and we shall be very grateful.

Yours sincerely,

Jarvis
President

We're going to tackle them again - I guess I could get your birth date from Mr. Clarence, but I would like to hear from you anyway
