Dr. J. Will Harris
Dilley
Texas

Dear Dr. Harris:

It was a great blessing to have you here in Puerto Rico for well over a month. As I told you the other day, you have made a tremendous contribution to the Polytechnic Institute. Furthermore, it meant so much to me to be able to talk with you and to get your ideas and to know about your plans for the institution. I am looking forward to seeing you again.

As I told you before you left, I should like very much to have from you for publication in the Polygraph which goes out to all alumni this month. In this letter you will undoubtedly wish to say a number of things about your visit here. It would be most helpful if you could bring up the matter of changing the name of the institution. I know that you are very busy upon your return to Texas, but I hope that you will have time to prepare this letter so that we can get it in the Polygraph this month. Otherwise, it will not get out to the alumni immediately.

I do hope you found everything in good shape at Dilley. Do write to me often. We continue to be very busy here at the institution. There is much to do and we need a great deal of guidance from the Almighty. Greetings from all of the Bauers including Elena and Logan, and our prayers.

Sincerely,

Ronald C. Bauer,
President
