"One of our college boys reported
today: Americans are opposing
S. P. girls by teaching them
they are as good as men."

- Written Aug. 30, 1911

"O, I tell you it's a blessed work,
this mission life! What if we do
get tired and old fashioned, and
out of touch with the world, and
have nothing to eat but rice and
beans, if we can get men in
touch with Heaven and help
them into everlasting life!"
