

113 HOBART AVENUE
SUMMIT, N. J.

My dear Mrs. Harris,

I have sent a
package by parcel post
for the children. I hope
the little rompers will
fit the baby. I thought
they looked about his
size. I sent Helen a
subscription to the
St. Nicholas, if the
magazines do not come
please let me know.

and I will write to the
publisher about it.

We saw the cunning
little picture of Margaret
and the big dog in *The
Continent* a few weeks
ago. I recognized it at
once, before I noticed
the name.

We think very often
of our pleasant visit
in Porto Rico, and
sometimes long for the
warm air and sunshine.

We reached New York

in a snow storm, and there has been snow and ice ever since, it is almost impossible to use an automobile, and the few horses that are left in Summit are more than busy. It is years since there has been a winter with so much snow.

Please give my love to all the children, and with warmest regards for you and Mr. Harris, and all our

Friends in San German.

Yours very sincerely
Caroline M. Pearson.
