Dear Mrs. Harris,

I was very glad to receive your letter this morning and to know that I will get the magazine by January. Thank you very much for your present; I appreciate it very, very much, indeed.

I want you to know that I will be very happy whenever I have the chance to do anything for you. I really love to do all I can for others. I am satisfied and content when I go to sleep at night thinking that I have helped somebody that day. So, whenever you need anything that I can do for you please call me, and I will do it willingly.

Lovingly,
Alicia
