

"Puerto Rico"

Building "B" Pra.
Stop 8. San Juan.
Saturday 10th.

Dear Dr. & Mrs. Harris:-

This morning I received your lovely letter answering my telegram of last week. Thanks for your kindness. It certainly has made me feel happy to know you are enjoying your short vacation down here. We have known thru the papers that in San German they gave you all a cheerful welcome. I wish I could have been there too.

W.S.

I wish I could have seen you before
you left for San German, but the
fact is that most of the time I am
out on some project of the Soil Conservation Service

Next week I will try to see you
at Helen's. Last night I went to
see Bill. He is lovely. Told me
everything about Granny and Grampa.
I brought him a Bowling lawn set,
something to play with, and he hopes,
Granny will play bowling with him.

My office is ⁱⁿ Building "B" at
the U. S. R. A. buildings, Stop 8. San Juan.
With love to you all.
Glaucio.
